

VELVET S2

Designed by Ronni Gol

DESCRIPTION

Decadence, quietly restated. VELVET S descends in a perfectly balanced cylinder, its fine grooves tracing a tactile softness that recalls the elegance of another era - yet remains unmistakably of the present. Hang one in solitude, arrange several in symmetry above a dining table or island, or gather multiples into an organic chandelier of understated luxury.

Available in two sizes - S1 at 400mm and S2 at 600mm - and four finishes: black, rose gold, brass, and titanium.

Four sets of interchangeable end caps transform a single fixture into four distinct expressions, making personalization effortless.

Switch Tune selects between 2700K and 3000K at installation. One lamp. Infinite character. Distinctly VELVET.
