

DELI 1

Designed by Ronni Gol

DESCRIPTION

DELI is Danish design distilled to its most considered form - a recessed lamp of quiet character that punctuates a staircase, lines a panel, or stands alone by a front door with equal conviction.

Its light is subtle, atmospheric, and entirely intentional. IP54-rated and unbothered by the elements, DELI moves freely between bathroom and façade without compromise. Its environmental conscience is as refined as its aesthetic.

Available in two sizes, supplied with mounting housing for brick and plastered walls.

Small in scale. Significant in effect.
