FOCUS 1

Designed by Ronni Gol

DESCRIPTION

Geometry in quiet dialogue - round meets square, precision meets warmth. FOCUS is a ceiling spotlight defined by clarity of form and purposeful detail. A circular head set within a precise square base expresses a quiet architectural balance between geometry and function.

With 350° rotation and an integrated Switch Tune feature, the luminaire adapts effortlessly to its surroundings.
Select 2700K for a warm, intimate glow or 3000K for a crisp, daylight-inspired tone. Crafted in aluminium, it brings refined precision to artworks, surfaces, and spatial compositions - either as a singular gesture or in rhythmic repetition.
