

MIRAGE w1

Designed by Nital Patel

DESCRIPTION

Circle or square? MIRAGE answers with neither and both. Its singular squircle form shifts expression with every angle, at once discreet and commanding, familiar yet entirely its own. Clean lines and technical precision bear the unmistakable mark of LIGHT-POINT's design language.

As a wall light, MIRAGE is quietly elegant in solitude - but arranged in succession, it composes a dynamic landscape of light that transcends the individual. Weatherproof and versatile, it moves between indoor and outdoor with ease, offered in six refined finishes including the newest outdoor tone: rust. Two bracket options. Infinite possibility.

Equipped with Switch Tune, the color temperature can be set to either 2700K or 3000K during installation.
