General use

- The product is designed for indoor use only.
- Do not cover the product as its surface can become hot during extended operation.

Cleaning instructions

- Before cleaning, ensure that the power supply is switched off.
- Wipe the surface of the lamp with a soft cloth.
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, household glass cleaner or cellulose thinner.

Safety precautions

- The appliance should be installed, connected and tested by a qualified electrician and in accordance with local regulations.
- Turn off the power supply before installation or maintenance of the lamp, and make sure that the cables are not squeezed or damaged by sharp edges during installation.
- The luminaire should not be covered by insulation blankets or similar materials.

International warranty

- Your product has been thoroughly tested to meet high quality standards and is covered by a 7-year warranty from the date of the original retail purchase. The warranty applies to defects in materials and workmanship when the product is used as intended and in line with published LIGHT-POINT guidelines.
- These guidelines include but are not limited to information contained in technical specifications, safety instructions and quick start guides.
- LIGHT-POINT is not responsible for damage arising from failure to follow instructions relating to the use of the product.

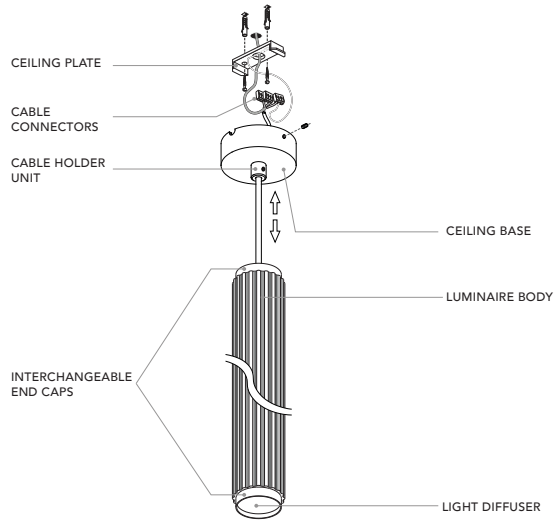

LIGHT-POINT is a registered trademark of NORDIC LIVING GROUP.

Installation instructions

⚠ Turn off the circuit breaker before starting the installation.

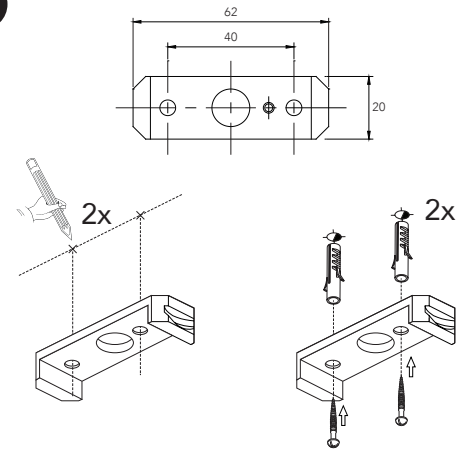

1

1. Separate the ceiling base from the ceiling plate using the enclosed hex key.

2. Adjust the suspension length by loosening the cable holder. Tighten after adjustment. If necessary trim excess cable inside the ceiling

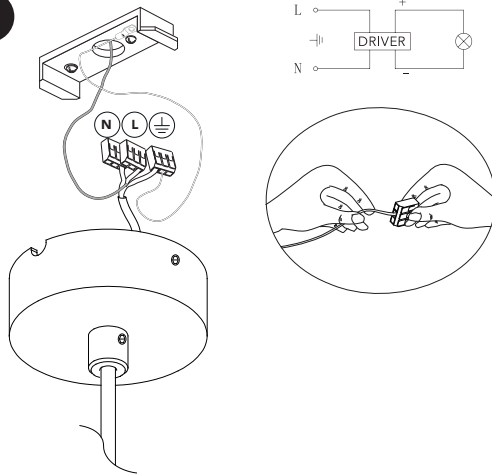

3

3. Mark and drill mounting holes. Insert suitable anchors and feed the power cable through the ceiling plate. Secure the ceiling plate and cable holder unit using appropriate fixings.

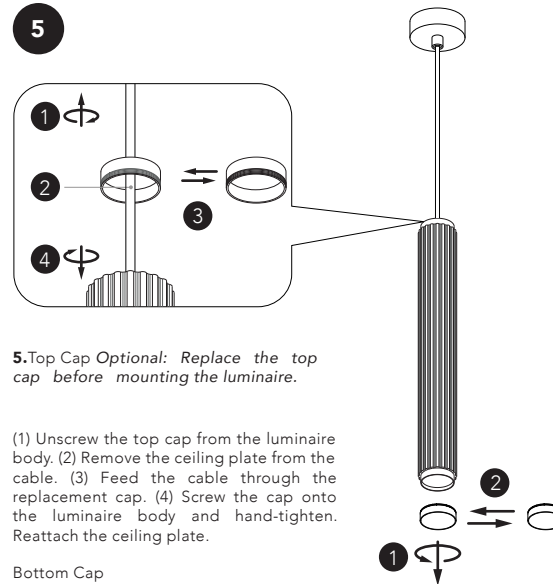

Consult a professional to select suitable anchors for your ceiling type.

4

4. Connect the wires from both the luminaire and the mains power to the terminals.

5

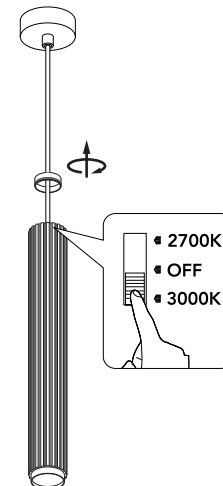

5. Top Cap Optional: Replace the top cap before mounting the luminaire.

(1) Unscrew the top cap from the luminaire body. (2) Remove the ceiling plate from the cable. (3) Feed the cable through the replacement cap. (4) Screw the cap onto the luminaire body and hand-tighten. Reattach the ceiling plate.

Bottom Cap
Unscrew and replace by hand.

6

6. Select colour temperature using the switch inside luminaire.
In case of any doubt please contact a qualified electrician.
