

RAW 2

Designed by Nital Patel

DESCRIPTION

An attitude, made material. RAW embodies the refined simplicity and technical precision that define LIGHT-POINT's design identity - machined from solid aluminium with an uncompromising hand. Its signature cross-knurled pattern is etched with quiet confidence, a contemporary yet timeless texture whose softened diamond facets draw depth and richness from every anodized finish. Surface mounted with intent.

RAW does not ask for attention - it commands it, through the honesty of material and the mastery of craft.
