

CURVE II Ø110

Designed by Ronni Gol

DESCRIPTION

Absence as design. CURVE recedes into the ceiling with quiet intention - a recessed downlight stripped of all distraction, leaving only the pure act of illumination. Clean lines and technical precision embody the LIGHT-POINT design language at its most resolute. Deep within its form, an optical glass lens vanishes entirely from peripheral vision, casting a soft, glare-free pool of light that comforts rather than intrudes. No excess. No compromise. Simply light, exactly where it belongs.
