Designed by Nital Patel & Ronni Gol

## DESCRIPTION

Texture meets purity. TWIST Wall wraps a signature black band around a smooth cylindrical body - a quiet collision of contrasts that elevates a wall lamp into a sculptural object. Its up-and-down illumination traces a harmonious arc across any surface, composing atmosphere in kitchen, hallway, bedroom, or bathroom with equal sophistication.

Three sizes, five finishes - Carbon Black, Rose Gold, Titanium, White, and Brass - each anchored by that defining black belt.

Switch Tune technology selects between 2700K and 3000K at installation. Contemporary in spirit. Timeless in form. TWIST W brings character to every wall it touches.
