

COSMO 3-PH Track

Designed by Nital Patel

DESCRIPTION

Versatility, without compromise. COSMO 3-PH TRACK brings the collection's signature character to the three-phase track - its softened diamond facets enriching every anodized finish with depth and quiet luxury. Glare-free illumination delivers precise, stable light where it is needed most, while the distinctive knurled texture elevates the fixture itself into an architectural detail. At home in a luxury hotel, a design-conscious residence, or a curated retail environment, COSMO adapts without concession. Compatible with universal 3-phase track systems and dimmable via Triac.

Available in black, white, rose gold, and brass. Light with purpose. Form with distinction.
