

STRIPE C/W 1500

Designed by Nital Patel

DESCRIPTION

A new benchmark, drawn in light. STRIPE's defining linear form transcends the singular - mount it on a ceiling, place it on a wall, combine multiples into sculptural compositions that are entirely, unmistakably your own.

Its clean, uncompromising aesthetic commands space with quiet authority, while adjustable light direction extends creative possibility beyond the expected.

Switch Tune technology offers a deliberate choice between 3000K's crisp clarity and 2700K's enveloping warmth, set once at installation with quiet permanence. Available in two sizes, three finishes - black, white, and brass. Dimmable. Endlessly composable.

STRIPE redefines what a line can do.
