

SHADOW 2

Designed by Ronni Gol

DESCRIPTION

Light above, light below - SHADOW plays both. Its curved aluminium form lends quiet visual tension to any surface it graces, casting dual beams upward and downward in a soft, diffused embrace through its acrylic face.

An updated low-voltage LED source and integrated driver refine the experience within, while Switch Tune technology offers a considered choice between 2700K and 3000K at installation.

Available in two sizes, five finishes - black, white, titanium, brass, and rose gold - and equally at home on wall or ceiling. Where interior meets exterior, SHADOW endures. Dimmable, timeless, and quietly dramatic.
