

VELVET S1400

Designed by Ronni Gol

DESCRIPTION

Decadence, drawn into a line. VELVET S1400 extends the family's signature cylinder into a sleek linear form - fine grooves tracing that unmistakable velvety texture across 1400mm of quiet sophistication. Suspended above a kitchen island, dining table, or meeting room, it casts a uniform, generous light with an elegance that scales effortlessly from residential to luxury hospitality.

Available in two lengths - S1400 and S1800 - and four finishes: black, rose gold, brass, and titanium. Four sets of interchangeable end caps invite personalization, offering four distinct expressions from a single fixture.

Switch Tune selects between 2700K and 3000K at installation. One lamp. Endless possibility.
