## DESCRIPTION

Precision, distilled into simplicity. ANGLE is the art of directed light — tilting 90°, rotating a full 360° — bending obediently to the demands of any space. Its clean, minimalist profile disappears into the ceiling, leaving only light as the statement. Available in two colors, black or white, it adapts without compromise to living room, bathroom, or kitchen alike. Switch Tune technology sets the tone before installation — 3000K for the clarity of everyday life, 2700K for warmth that lingers. Unassuming in form. Quietly powerful in function.
