

INLAY S2 DISC Ø342

Designed by Studio F.A. Porsche

DESCRIPTION

Suspended in stillness. INLAY S DISC floats above the table on two slender black wires - a disc of quiet refinement that casts soft, even light with an effortlessness that borders on the poetic. No excess, no distraction; only the pure geometry of a circle and the warmth of illumination beneath it.

Matt Black aluminium meets Satin Gold in a finish of considered contrast, available in two diameters - 342 mm and 438 mm. Switch Tune offers 2700K or 3000K before installation.

Simplicity, elevated to an art form.
