

EDGE LINEAR S1500

Designed by Nital Patel

DESCRIPTION

A razor's silhouette suspended in perfect tension. Designed by Nital Patel and honoured with the iF Design Award 2021, EDGE LINEAR is architecture you hang from the ceiling — its sharp profile casting bold light downward, while its slimmer edge breathes a gentle glow upward. Direct and indirect, in one decisive form. Switch Tune and Smart Tune — powered by Casambi — place full command in your palm, adjusting brightness and colour temperature between 2700K to 5000K with effortless precision. Cables drape freely at 3000mm, trimmed to perfection. A pendant that doesn't just illuminate space. It defines it.
